Community Service Projects done by the Students

i) Community Service Projects (Academic Year 2022-23)-CSE-A

S. No.	Type of Activity	No. students participated	Communities/Social groups/ Outreach centers selected	Outcome
1	Health Effects of Air Pollution	9	Proddatur Rural	Air pollution can have adverse effects on reproductive health and fetal development. Pregnant women exposed to air pollution may be at increased risk of preterm birth, low birth weight, and birth defects.
2	Environmental Impacts	9	Proddatur Rural	Human activities, such as habitat destruction, deforestation, pollution, and climate change, contribute to the loss of biodiversity and species extinction.
3	Waterborne Diseases	9	Proddatur Rural	Improve Students Ability To Apply What They Have Learned In The "Real World"
4	Groundwater Pollution	10	Proddatur Rural	Improved Ability To Understand Complexity And Ambiguity
5	Urban and Rural Water Pollution	10	Proddatur Rural	Improve Students Ability To Apply What They Have Learned In The "Real World"

ii) Community Service Projects (Academic Year 2022-23)-CSE-B

S. No.	Type of Activity	No. students participated	Communities/Social groups/ Outreach centers selected	Outcome
1	Enrollment Rates	9	Proddatur Rural	Enrollment outcomes can inform the development and implementation of education policies aimed at promoting gender equality
2	Retention Rates	9	Narasimhapuram Village	Higher retention rates contribute to a more educated workforce, increased economic productivity, and improved social mobility for individuals and communities.
3	Access to Education	9	Kothapeta Village	Access to education outcomes shed light on structural inequalities within educational systems that perpetuate gender disparities
4	Career Aspirations	10	Peddasetti Palli Village	Career aspirations can be influenced by the availability of role models in various professions. Exposure to successful individuals of the same gender in certain careers may inspire students to pursue similar paths.
5	Dropout Rates	10	Proddatur Rural	Dropout rates help identify groups that are particularly vulnerable to leaving school prematurely.

ii) Community Service Projects (Academic Year 2022-23)-ECE -A

S. No.	Type of Activity	No. students participated	Communities/Social groups/ Outreach centers selected	Outcome
1	Public Health Policy And Advocacy	9	Narasimhapurm Village	Effective public health policies and advocacy initiatives can lead to improved health outcomes at the population level
2	Sanitation	9	Kothapeta Village	Improved sanitation reduces the risk of diarrheal diseases, a leading cause of childhood mortality in low- and middle-income countries.
3	Mental Health And Well-Being	9	Peddasetti Palli Village	Instead, according to Seligman, positive mental health is the presence of positive emotions, engagement, good relationships, meaning, and accomplishment
4	Child Health And Development	9	Narasimhapurm Village	Positive social experiences contribute to healthy social development, interpersonal relationships, and the ability to navigate social environments effectively.
5	Environmental Health	9	Kothapeta Village	To improve the environment, everyone must be aware of and take responsibility for the state of the environment.

Community Service Projects (Academic Year 2022-23)-ECE -B

S. No.	Type of Activity	No. students participated	Communities/Social groups/ Outreach centers selected	Outcome
1	Micro nutrients	09	Peddasetti Palli Village	They are involved in a wide range of physiological processes, including energy metabolism, immune function, DNA synthesis, hormone production, and nerve function.
2	Nutrient Density	09	Kothapeta Village	Consuming nutrient-dense foods helps ensure that your body receives essential vitamins, minerals, antioxidants, fiber, and other beneficial compounds necessary for overall health and well-being.
3	Dietary Guidelines	10	Peddasetti Palli Village	These diets prioritize fruits, vegetables, whole grains, nuts, seeds, and lean proteins while limiting processed foods, red meat, and foods high in saturated and trans fats
4	Nutrition Education and Counseling	10	Kothapeta Village	Counseling sessions may address the relationship between diet and mental health outcomes and provide practical strategies for improving mood and cognition through nutrition.
5	Global Nutrition Challenges	10	Narasimhapurm Village	Counseling sessions may address the relationship between diet and mental health outcomes and provide practical strategies for improving mood and cognition through nutrition

iv) Community Service Projects (Academic Year 2022-23)-EEE

S. No.	Type of Activity	No. students participated	Communities/Social groups/ Outreach centers selected	Outcome
1	Global Soil Governance	6	Proddatur Rural	By reducing soilerosion, agricultural lands can retain their nutrient-rich topsoil, crucial for sustaining crop productivity.
2	Soil Erosion Control	6	Proddatur Rural	Preserving soil fertility ensures continued agricultural production and food security.
3	Soil Pollution Prevention	5	Proddatur Rural	Soil erosion control helps prevent sedimentation in water bodies such as rivers, lakes, and reservoirs.
4	Soil Conservation Practices	5	Proddatur Rural	Reduced sedimentation improves water quality, benefiting aquatic ecosystems and providing cleaner water for human consumption and industrial use.
