Report on “Applications Of Numerical Methods In Engineering”

The department of Training and Placement cell organized a one day training programme on 24/12/2022 (AN). A total 60 students of III (EEE & ECE & CSE) have attended to this program.

Mr K.Mallikarjuna reddy is explaining about the topic

About the Resource Person

Mr .K.Malikarjuna Reddy completed her post-graduation and working as an assistant professor in English, having vast experience in teaching and also in training students for interviews. He has 10 years of experience in teaching and conducting interview sessions. The Keys points covered are:

1. Computing values of functions.
2. Interpolation, extrapolation, and regression.
3. Solving equations and systems of equations.
4. Solving Eigen value or singular value problems.
5. Optimization.
6. Evaluating integrals.
7. Differential equations.
